

Welcome to Turing House! I am really looking forward to a fun filled year with lots of opportunities for the pupils to thrive and enjoy themselves. There will be so many ways that your child can be fully immersed into all that the new House system has to offer throughout the coming year. I aim for Turing House to not only win the House Trophy at the end of the year but for the pupils to have enjoyed an inclusive and full range of opportunities and all that it has to offer along the way. I am also very keen that families will be involved but in order to get our community up and running with a strong start, I really need your help!

Twitter

All updates regarding Turing house activities will be posted on **Twitter**. Please, if you have Twitter, follow us so that you don't miss out on the following:

- General updates for Turing activities.
- Event info and reminders.
- House competition info and reminders.
- Opportunities within the house i.e. community projects and pupil roles/responsibilities.
- House point updates.
- Pupil and House achievements in and out of school.
- Fundraising updates (NSPCC).
- Photos.
- And much, much more!

Fundraising

Throughout the year we will be raising money for our chosen charity, NSPCC. This is a fantastic cause who provide a range of great services to young people. This, of course, is also a House competition! Each house gains a point per pound raised for their charities.
