

Unit: Why is a community important?	Key Vocabulary	
Topic Overview:		
In this topic, we will explore what it means to be part of a community, from our local UK towns, cities, and farms to places around the world like Sweden and Africa. We will discover how different religions, trade networks, and shared values help diverse communities live together in harmony, while exploring how religious beliefs and places of worship bring people together. Alongside our geography work, we will travel back in time to investigate the Vikings, learning about their daily lives in longhouses, their trading routes, and evaluating historical evidence to decide whether they were just ruthless raiders or clever traders and settlers.
