

I Can Statement - Year 5 Maths

Topic Overview - Number and Place Value	Pre-taught Vocabulary	
In this topic, you will become an expert at working with large numbers all the way up to one million. First, you will study ancient Roman numerals up to 1,000, and then you will learn how to confidently read, write, and partition massive six-digit figures. Next, you will use number lines to compare and arrange these large values accurately from smallest to largest. Finally, you will master how to change numbers using powers of 10 and round them within one million to help you estimate totals quickly.	Digit	Place Value
	Placeholder	Partition
	Power of 10	Roman Numeral
	D: The Roman numeral 500.	M: The Roman numeral 1,000.
	Estimate	Round

RAG Rating:		Start	End	Teacher
1.	I can read and write Roman numerals to 1,000 (M) and recognise years written in Roman numerals.			
2.	I can read and write numbers to at least 100,000 and determine the value of each digit.			
3.	I can read and write numbers to at least 1,000,000 and determine the value of each digit			
4.	I can count forwards or backwards in steps of powers of 10 for any given number up to 1,000,000			
5.	I can partition numbers to 1,000,000			
6.	I can use a number line to understand numbers to 1,000,000 and help me to count forwards and backwards in steps of powers of 10.			
7.	I can order and compare numbers to 100,000			
8.	I can order and compare numbers to 1,000,000			
9.	I can round any number up to 1,000,000 to the nearest 10, 100, 1,000, 10,000 and 100,000
