

At Robert Bloomfield Academy we want all our young people to understand the full range of opportunities available to them in today's world and help them to acquire the skills and qualifications they will need to succeed in the workplace today and in the future. We believe that every pupil should have multiple opportunities to learn from employers about work, employment and the skills that are valued in the workplace. We also aim to prepare our pupils for the opportunities in the next stage of their education, a time when they will make choices about their future study.

Pupils in Years 7 and 8 will have access to a planned careers education information and guidance (CEIAG) programme which supports us in achieving our aims and will be delivered as part of PSHE lessons. All teachers will support our whole-school approach to careers education information and guidance by making explicit links within their own subject areas/specialisms and sharing this with the children they teach.

By the time pupils get to the end of their middle school journey they will have had the opportunity to:

- Explore how they will need money to achieve some of their dreams
- Investigate a range of jobs carried out by people they know and will have explored how much people earn in different jobs
- Gain an understanding of a range of Jobs they would like to do when they are older, what motivates them and what they need to do to achieve it
- Learn about the dreams and goals of children in a culture different to theirs
- Find out about a range of ways in which young people can support each other here and abroad
- Learn about the world of work from various visiting speakers.

- Identify own personal learning strengths and understand why it's important to stretch the boundaries of their own current learning
- Learn how to motivate themselves and set success criteria
- Identify some ways they can work with other people to make world better place
- Complement other people and recognise their contribution and achievements
- Participate in a five week programme of Mindfulness delivered by an external certified coach, learning strategies and physical exercises in order to relieve stress, anxiety and to help them cope in challenging situations
- Learn about the world of work from various visiting speakers.

- Identify and challenge stereotypes whilst learning about the world of work and why it is important
- Explore through self-assessment - personal aspirations for work/areas of interest and why self-evaluation is important
- Identify their own characteristics, strengths and preferences
- Complete the Buzz Quiz - a self-evaluation tool to support pupils in exploring career pathways they may wish to consider
- Investigated and researched a variety of identified roles from Buzz Quiz
- Participated in The Real Game exploring future lifestyle choices and learning about the realities of managing time, budgets and responding to external influences in a particular job role
- Explored a range of Jobs / careers and occupations

- Learn about aspects of employment law relating to young people's permitted hours and types of employment; and know how to minimise health and safety risks to themselves and those around them
 - Recognise when they are using the qualities and skills needed to be enterprising
 - Learn about volunteering: the rewards and benefits
 - Describe different ways of looking at people's careers and how they develop
 - Identify different kinds of work and why people's satisfaction with their working lives varies
 - Describe the organisation and structure of different types of business
 - Tell their own story about what they are doing to make progress, raise their achievement and improve wellbeing
 - Explain how they have benefited as a learner from career related learning activities and experiences
